

Greener pharmacy checklist for community pharmacies

DOMAINS	LEVEL ONE (BRONZE)	LEVEL TWO (SILVER)	LEVEL THREE (GOLD)	
TARGET	18 / 18 (100%)	14 / 20 (70%)	10 / 19 (50%)	
 PEOPLE	Public Health	Sustainable Improvements	Wider Actions	
	Holistic care	Sustainable health knowledge	Innovative practice	
		RPS Climate Charter		
	Public health campaigns	Greener networks	Integrate sustainable strategies	
		Sustainable QI project	Sustainable pharmacy training programs	
 CLINICAL PRACTICE	Better Communications	Improve care	Reducing needs	
	Repeat dispensing	Balanced healthy diet	Signpost to social prescribing	
	Inhalers techniques check		Review MCAs	
	Medicines waste disposal		Sustainable pharmacy audit	
	Safe inhalers disposal	Swallow solid oral drugs		
	Utilise DMS			
	Optimise respiratory care	Circular economy schemes		
 OPERATIONS AND STRATEGIES	Understanding impacts	Commitments	Taking actions	
	Sustainability lead	Raising awareness	Sustainable recruitment	
	Business continuity plan	Embed sustainable policies		
 RESOURCE USE	Use less	Better use & reuse	Improve use	
	Report water waste	Eco-energy modes	Reduce energy in low use areas	
		Optimise fridge & freezer spaces	Energy audit	
	Optimise energy use	Renewable energy tariffs	Onsite energy generation	
		LED light bulbs	Boiler upgrades	
	Equipment maintenance	Optimise room temperatures	Sustainable procurement	
		Reduce water consumption	Waste audit	
	Reduce or recycle paper	Waste segregation		
		Eliminate single use		
	Appropriate PPE use	Recycle/refill printer cartridges		
 ICT	Digital maintenance	Better use	ICT Infrastructure	
	Equipment maintenance	Optimise data storage	Circular design practices	
		Digital staff rota	Paperless digital revolution	
			Automated dispensing	
	Better travel	Reduce travel	Greener travel	
 TRAVEL	Promote active travel	Greener travel infrastructure	Optimise business travel	
	Reduce unnecessary travel		Greener pharmacy fleet
